# Connecting families and destinations.

We're the Mook family. A loving family from the Netherlands with a passion for making travel memories. Over the years, we've created a wealth of photo and video content that not only holds great personal value, but has also proven to be highly valuable for the destinations we visit.

With a professional filmmaker and photographer as dad, a naturally photogenic mom and two charming kids, we offer a unique content creation package tailored to hotels, resorts and travel brands looking to connect with families just like us.

# Our way of working.

Our family is built on **love**, **trust**, and a whole lot of **fun** and we'd love to keep it that way. In every collaboration, those three things matter most to us. That's why we've put together a small set of "guidelines" for our playbook, just to keep everything clear, safe and enjoyable for everyone involved.

## **No scripts.**

We capture moments as they happen. It keeps things relaxed for the kids and allows us to tell real, authentic stories.

## **Barter-based collaboration.**

We trade experiences, accommodation and additional expenses in exchange for content.

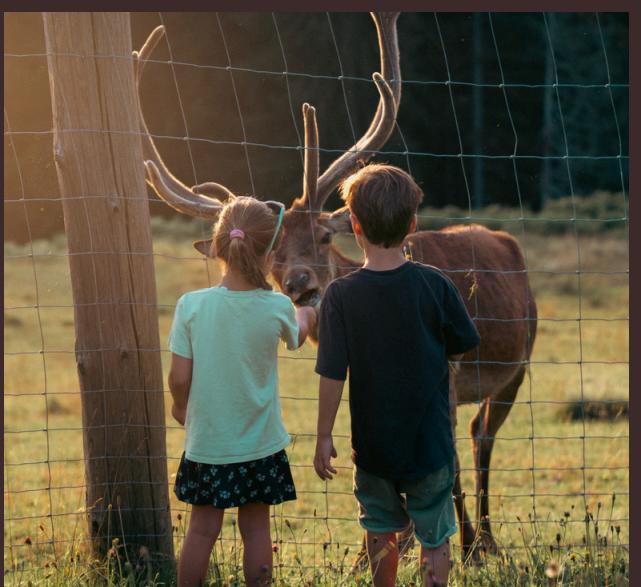

## **Clear agreements.**

We work with straightforward agreements so everyone knows exactly what we've agreed on.

## **Safety**

The privacy and safety of our family are our top priority we trust upon respecting this at all times and keeping the content unaltered
